Examination Regulations for the Master's Examination for External Examinees (external examination) in the Examination Program “Executive Master of Business Administration” of the University of Mannheim

On 28 September 2016, in accordance with § 19 section 1 sentence 2 number 9 of the Act on Higher Education of the Land of Baden-Württemberg (LHG), the Senate of the University of Mannheim passed the following examination regulations of the University of Mannheim for the Master's Examination for External Examinees (external examination) in the Examination Program “Executive Master of Business Administration” of the University of Mannheim, based on § 32 section 3 sentence 1 and § 33 LHG. The President approved these statutes on October 17, 2016. First amendment was approved on March 15, 2017. Second amendment was approved on September 27, 2017. Third amendment was approved March 22, 2018. Fourth amendment was approved October 1, 2018. Fifth amendment was approved September 27, 2019. Sixth amendment was approved March 16, 2022.

In the German language version of these examination regulations, this section deals with the subject of gender-neutral language. For the English language version, this is not relevant and therefore omitted. This also applies to the usage of academic degrees and academic titles.

V. Appendix: Examination structure and examinations of the External Examination in the Examination Program “Executive Master of Business Administration”

I. General provisions

§ 1 Purpose of the examination

1 The Master’s examination for external examinees (external examination) in the examination program “Executive Master of Business Administration” of the University of Mannheim (“EMBA”) is a postgraduate program. 2 The External Examination enables postgraduates of all fields who acquired the required knowledge and competencies outside a formal college/university program at the “Mannheim Business School gGmbH” which is an external education institution cooperating with the University of Mannheim to obtain the master’s degree in accordance with § 2 sentence 1. 3 By passing the External Examination, participants demonstrate in-depth business knowledge acquired in an international environment. 4 The examination program is intended to establish whether the participant has acquired the specialized knowledge necessary for an executive position in an international environment. 5 Furthermore, the participant’s grasp of the connections between the various economic and management

---

1 to facilitate reading, the term “the external examination in the examination program “EMBA” will be referred to as “External Examination”
topics will be examined, along with the participant’s ability to apply the acquired academic methods and knowledge in a responsible way.

§ 2 Graduation

1Based on the completion of the External Examination, the University of Mannheim awards through the Business School the academic degree “Master of Business Administration” (MBA). 2In accordance with § 5 section 2, the academic degree shall only be used following the receipt of the diploma.

§ 3 Scope of examinations, structure and completion of the External Examination in the Examination Program “Executive Master of Business Administration”; language of examinations

(1) 1The scope of the External Examination amounts to 90 ECTS taking into consideration the ECTS credits to be acquired within the respective areas:

1. Core Courses: 46 ECTS credits
2. Electives: 16 ECTS credits
3. Study Trips: 10 ECTS credits
4. Final Project: 18 ECTS credits

2The specific allocation of ECTS credits to examinations within the areas relevant for completion of the program is specified in the Appendix. 3One ECTS credit corresponds to a workload of 25 hours.

(2) 1The External Examination is passed if all required examinations in accordance with the area-specific structure of the examination program are completed. 2The required examinations are specified in the Appendix.

(3) 1The examinations in the area “Study Trips” are completed abroad, and not at the University of Mannheim. 2Examination results acquired in the respective preparatory program for this external examination at one of the partner schools of Mannheim Business School gGmbH are presumed to be sufficiently equivalent to the examinations that are to be replaced within this area; in other cases, § 9 shall remain unaffected. 3The Joint Examination Committee shall issue an official notice in the event that this period is exceeded. Through the issuing of this notice, the participant loses the right to examination in accordance with § 32 Paragraph 5 Sentences 4 and 5 in conjunction with sentence 3 alternative to 2 LHG.

(4) All examinations shall be completed in English.

§ 4 Beginning of the External Examination in the Examination Program “Executive Master of Business Administration”; regular and maximal period of the External Examination

(1) 1Principally, the External Examination begins every year in April. 2As an exception the external examination may already start in March if organizational reasons require it. 3Persons interested in the examination program shall be informed about its beginning by the Program Management in due time and in an appropriate manner.

(2) 1All examinations required for successful completion of the External Examination shall be passed within 18 months from the beginning (regular period). 2In case of section 1 sentence 2, the regular period is 19 months.
All examinations required for successful completion of the External Examination need to be passed within a given time frame (maximum period of the external examination). The maximum period ends 12 months after the regular period, except in cases where the participant is not responsible for having exceeded this period.

§ 5 Transcript of records; diploma

1. Upon successful completion of the External Examination, a transcript of records is issued to the participant. This comprises:
   1. all examinations relevant for the calculation of the final grade with the respective examination grades (numerical) and ECTS credits;
   2. the topic of the project work in the examination “Strategic Project” and
   3. the final grade both in wording and numerical value.

The Joint Examination Committee may stipulate that further details are to be included on the transcript of records. The transcript shall bear the date of the last examination completed by the participant. The transcript shall be signed by the Academic Director of this External Examination or by her/his deputy.

Along with the transcript, the participant receives a diploma certifying the award of the academic degree “Master of Business Administration” (MBA). Section 1 sentence 4 applies accordingly. The diploma shall be signed by the Dean of the Business School of the University of Mannheim or her/his deputy and bears the seal of the university.

II. Organization and administration of the External Examination in the Examination Program “Executive Master of Business Administration”; recognition of competencies and examination results

§ 6 Academic Director; Joint Examination Committee

1. For every external examination the School Council of the Business School of the University of Mannheim shall elect one of its professors as Academic Director and one as her/his deputy. The term of office shall be four years; re-election is possible. If the Academic Director or her/his deputy ends office prematurely, the Council shall elect a successor.

2. The Business School of the University of Mannheim shall appoint a Joint Examination Committee for all its external examinations. By the virtue of office, all Academic Directors of existing external examinations at the School are members of this Committee. All members are eligible to vote. If an Academic Director ends office prematurely, her/his deputy shall take over; in case the deputy ends office prematurely as well the remaining members of the Joint Examination Committee shall jointly continue operations until a successor has been elected.

3. The Joint Examination Committee shall elect one of its members as a chair and one as a deputy chair. The chair shall assume the executive function of the Joint Examination Committee. The chair may delegate her/his duties to other members of the Committee, especially the preparation of particular agenda topics or chairing meetings if this is deemed reasonable with regard to a particular external examination.
The Joint Examination Committee is quorate when the chair or the deputy chair and at least half of its members are present. The Committee shall decide by simple majority of the members present. In case of a tie vote, the chair’s vote shall be decisive.

The Joint Examination Committee takes all decisions according to these examination regulations if not provided otherwise herein. Moreover, it enforces these examination regulations. The Joint Examination Committee may delegate certain tasks to the chair or to another member.

The members of the Joint Examination Committee are bound to official secrecy. Unless they are employed in the public service, they shall be obliged by the Chair in writing to maintain official secrecy. This obligation applies to all examination-related facts and situations,

1. which have been made known to the members during a non-public meeting of the committee and/or have been discussed during such a meeting,
2. which are to be regarded as confidential by law,
3. which shall be regarded as confidential on grounds of public good or in order to protect the legitimate interests of individual parties, or
4. which shall be regarded as confidential due to the nature of the issue.

The obligation to maintain official secrecy shall continue following termination of office or membership in the Committee and includes all documentation concerning the members’ activities within it.

The Joint Examination Committee, its chair and other members in case of section 5 sentence 3 are supported by the Program Management of the Mannheim Business School gGmbH in fulfilling their duties; this support comprises especially the specific preparatory tasks with regards to examination rules and procedures on behalf of the Joint Examination Committee, its chair and other members in case of section 5 sentence 3.

§ 7 Conducting the External Examination in the Examination Program “Executive Master of Business Administration”

1. When conducting external examinations, the University may be supported by third parties, in particular delegating to them the organization of examinations within the external examinations on behalf of the University ("Verwaltungshelfer"). At all times, the University finally decides on the examination procedures; the ultimate decision in all matters lies with the University.

2. The third party for the administrative handling of examinations within the External Examination is the Mannheim Business School gGmbH in the meaning of section 1. For this purpose, the Mannheim Business School gGmbH has established a Program Management supporting the Joint Examination Committee in fulfilling its duties. In particular, the Program Management is responsible for:

1. informing participants about the examination dates and locations,
2. conducting the mandatory registration for and informing participants about the admission to individual examinations within the external examination,
3. de-registering of participants from individual examinations,
4. informing participants about the examination results,
5. keeping participants’ examination records,
6. preparing and issuing the transcript of records and diplomas.
§ 8 Examiners and Observers

(1) Only university teachers, adjunct lecturers, academic staff members as well as those academic members of staff who have been appointed by the President's Office in accordance with § 52 section 1 sentences 5 and 6 LHG, shall be authorized to administer coursework and examinations; § 15 section 10 sentence 2 remains unaffected. University teachers as defined in sentence 1 can also be academic members of foreign official or officially recognized higher education institutions if their qualification is considered equivalent. Observers shall possess a master’s degree or an equivalent degree of a higher education institution or are state-certified in the subject of the respective examination.

(2) The Joint Examination Committee appoints examiners and observers. The Joint Examination Committee may delegate the appointment to the Academic Director of the respective external examination.

(3) In examination procedures, observers shall have an advisory role.

(4) For oral examinations, the respective examiner shall bring in a qualified person - with regard to the subject of the examination - as secretary to take the minutes. The secretary may act as an observer at the same time; section 1 sentence 3 remains unaffected.

(5) Each examiner may appoint one or more assistants for the correction of examinations; she/he is responsible for ensuring competent assessment and grading.

(6) Examiners, observers, and assistants for correction are bound to secrecy in accordance with § 6 section 6.

§ 9 Recognition of examinations and competencies

(1) Examination results acquired in degree courses at official or officially recognized higher education institutions in Germany or abroad as well as at "Berufsakademien" (public universities of cooperative education) of the Federal Republic of Germany shall be recognized as long as there is no significant difference in the acquired competencies in the level and type of examinations they replace.

(2) For the recognition of examinations completed abroad, agreements between the Federal Republic of Germany and other countries need to be taken into account, such as agreements on equivalency in higher education (equivalency agreements), and agreements within the framework of university partnerships and double degree programs (cooperation agreements). The Central Office for Foreign Education (Zentralstelle für ausländisches Bildungswesen – ZAB) may also be consulted in cases of doubt regarding the equivalency.

(3) Skills and qualifications acquired outside the higher education system may be recognized if

1. requirements for admission to a higher education institution are fulfilled at the time of recognition,
2. the skills and qualifications to be recognized are of equivalent content and level to the examinations which they replace, and
3. the criteria for recognition have been reviewed as part of an accreditation or of a comparable procedure.

In order to qualify for recognition, the applicant must provide proof that the competencies acquired outside the higher education system are essentially of a similar type and scope as the competencies they intend to replace. The way these competencies were acquired is also to be considered. Skills and
qualifications acquired outside of the higher education sector may replace a maximum of 50 percent of the examinations within the External Examination.

(4) ¹The written request for recognition shall be submitted to the Program Management. ²The Academic Director of the respective external examination shall decide upon the request. ³It is the applicant's responsibility to provide all necessary documentation for the recognition.

(5) ¹If examinations are recognized and the grading systems are comparable, grades are to be adopted in accordance with these regulations and shall count towards the calculation of the final grade. ²For the conversion of foreign grades, the examination committee may resolve to determine generally applicable regulations for the conversion of foreign grades. ³In the case that the two grading systems are not comparable, making conversion impossible, or there are no available grades, the examination shall be noted as “passed”. ⁴In such cases, the examination may not be calculated into the final grade. ⁵The recognition of such examinations shall be noted on the transcript of records.

(6) Should a participant take part in an examination which is part of the External Examination at the University of Mannheim although she/he has already acquired the respective qualification elsewhere, the participant automatically waives the right to have these previous qualifications recognized.

III. Examination procedure

§ 10 Registration and admission to examinations of the External Examination in the Examination Program “Executive Master of Business Administration “

(1) ¹When beginning the External Examination according to § 4 section 1, the participant’s registration to each examination within the external examination is mandatory. ²Respective examination dates shall be provided in advance and in a suitable manner.

(2) ¹The participant can in her/his own responsibility decide to withdraw from the examination attempt; § 15 section 6 remains unaffected. ²A written request for withdrawal shall be submitted to the Program Management at least two weeks before the examination date. ³In accordance with sentence 2, once the withdrawal deadline has expired, registration for an examination attempt is binding.

(3) ¹For all persons interested in the External Examination, the Mannheim Business School gGmbH offers a preparatory program to ensure adequate preparation. ²Within the preparatory program, certain progress levels which are described in the current version of the program guidelines have been determined. ³For admission to individual examinations the respective progress level has to be achieved. ⁴The Joint Examination Committee decides upon the program guidelines of the External Examination of the University of Mannheim, (“Programmkatalog”).

(4) ¹The participant can only be admitted to an examination within the External Examination if the following requirements are met:

1. The participant shall prove the achievement of progress level for the respective examination within the preparatory program at the Mannheim Business School gGmbH as determined in the program guidelines.
2. ¹Overall acquired competencies on bachelor’s level must be demonstrated in the amount of 210 ECTS. ²For this, participants are required to have at least an undergraduate degree or a degree recognized as equivalent from a German or foreign university or an officially recognized public university of cooperative education (“Berufsakademie”). ³The undergraduate degree must correspond to at least 180 ECTS credits or have a standard
period of study of at least six semesters or three years. In addition to the ECTS credits from
the undergraduate degree up to 30 ECTS can be credited for professionally acquired
competencies, provided that

a. the professionally acquired competencies can be assigned to the area mentioned in § 1
   sentence 3 and are at least at the level of a corresponding bachelor’s degree and
b. the professional activities were carried out for a period that corresponds to at least a
   full-time activity (40 hours per week) over a period of twelve months.
3. The participant must prove qualified professional experience of at least eight years; the Joint
   Examination Committee decides upon exceptions to this rule.
4. Participants have to provide a proof of sufficient English proficiency. The successful
   completion of an undergraduate degree with English as a language of instruction serves as
   proof. In such a degree has not been obtained, the following test results can serve as a proof
   of English proficiency:

a. Test of English as a Foreign Language (TOEFL) – TOEFL Internet Based Test (TOEFL
   iBT) with a score of at least 85 points; TOEFL Computer-Based Test (CBT) with a
   score of at least 220 points;

b. Cambridge ESOL Certificate of Proficiency in English (CPE) to Level C or better;

c. Cambridge ESOL Certificate in Advanced English (CAE) to Level C or better or

d. International English Language Testing System – Academic Test (IELTS) scoring at
   least 6.0.

Only test results obtained no more than two years prior to the first examination date shall
be recognized as a proof. Any other type of documentation or test serving as a proof of a
participant's English proficiency shall be considered sufficient if their equivalency is
determined by the Academic Director of this external examination taking into account all
available documentation.
5. The participant is not enrolled as a student at a higher education institution.
6. There may not be any impediments to admission; a particular impediment exists if a
   participant has ultimately failed an exam within this external examination, in another
   external examination, or other examinations in higher education in a similar field of study,
   or has ultimately lost the degree entitlement for any other reasons.

Admission shall be denied if the participant’s circumstances are as defined in § 60 section 3 number 4
or § 62 section 3 sentence 1 numbers 3 or 4 or sentence 2 LHG.

(5) If a participant withdraws in due time, her/his withdrawal being approved, her/his absence being
approved or she/he fails to pass the attempt, the participant shall be registered for the next possible
examination date, provided that the participant is eligible for a further examination attempt.

§ 11 General provisions on the examinations of the External Examination in the Examination
Program “Executive Master of Business Administration “

(1) An examination as defined in these Examination Regulations can be composed of one or several
assignments. The number of assignments for each examination as well as the type, form, scope and
duration of the particular assignment are specified in the Appendix with reference to the program
guidelines.

(2) The examiner determines the authorized material for each assignment, and informs the
participants about it using appropriate means in due time before the examination.
§ 12 Types and forms of assignments

(1) Assignments as defined in these regulations are individual tasks that are graded by the examiner in line with § 16 section 2. In case of group assignments, only the individual contribution of each participant shall be evaluated; it shall be ensured that within a group assignment the individual contribution of each group member is clearly identifiable allowing a reliable evaluation.

(2) Types and forms of assignments are in general:

1. written assignments such as exams, term papers, case studies and project work and
2. oral assignments such as colloquiums,
3. practical assignments such as simulations.

§ 13 Oral examinations

1 Minutes from the examination (“Ergebnisprotokoll”) shall be taken during the main course of the oral examination, except the type of examination does not allow for minutes. 2 The examination result shall be recorded in the minutes. 3 The minutes are to be signed by the examiner, in case of an examination commission by all the examiners of the commission, and to be put on file.

§ 14 Written examinations

(1) Written examinations shall last at least 45 min, and no more than 120 minutes.

(2) The examination supervisor shall take minutes of written examinations. The minutes have to be signed and filed unless the type of examination does not allow for minutes.

(3) The preparation period for assignment or similar written work begins when the topic has been communicated to the participant. In case of valid reasons and upon written request from a participant in due time, the Academic Director shall grant individual extensions of the preparation period based on a case-by-case decision. A request in accordance with sentence 2 shall be made by the participant to the Program Management immediately upon gaining information on the circumstances justifying an extension, and is only possible within the preparation period. Should the request not be made in due time according to sentence 3, the circumstances justifying an extension are considered irrelevant for the examination attempt concerned, especially for its assessment. It is the participant's responsibility to provide sufficient proof of her/his special circumstances upon filing the request for compensation of disadvantages, especially regarding adequacy of the extension period. §§ 21 and 23 remain unaffected.

(4) According to the rules of the Business School of the University of Mannheim, the members of the Joint Examination Committee and examiners are allowed to use software recommended by the School to detect plagiarism in term papers and similar work. Therefore, the participant shall submit one digital copy of her/his work to the Program Management; as a rule, the work should be uploaded on the e-learning platform. In accordance with the Data Protection Act of the State of Baden-Württemberg (Landesdatenschutzgesetz), the work must be anonymized before the plagiarism check. When submitting the written assignment as defined in sentence 1, the participant shall submit the following signed declaration:

"I hereby declare that the paper presented is my own work and that I have not called upon the help of a third party. In addition, I affirm that neither I nor anybody else has submitted this paper or parts of it to obtain credits elsewhere before. I have clearly marked and acknowledged all quotations or references that have been taken from the works of others. All secondary literature and other sources are marked and listed in the bibliography. The same applies to all charts, diagrams and illustrations as well as to all Internet resources. Moreover, I consent to my paper being electronically stored and
sent anonymously in order to be checked for plagiarism. I am aware that if this declaration is not made, the paper may not be graded.”

§ 15 Examination “Strategic Project” in the area “Final Project”

(1) By passing the examination “Strategic Project” in the area “Final Project”, the participant shall prove the practical implementation of the acquired knowledge applying scientific methods within a limited period of time.

(2) The examination “Strategic Project” consists of two parts: a written examination in the form of a project work, and an oral examination in the form of a colloquium based on the written part of the examination. The project work is a group work; the group should not have more than five members; the Academic Director decides upon exceptions to this rule.

(3) The project work can only be evaluated by university teachers as defined in § 8 section 1 sentences 1 and 2. The university teacher who assigned the topic of the project work shall be the examiner. The examiner may appoint another university teacher as defined in § 8 section 1 sentences 1 and 2 as supervisor. The supervisor advises participants on any questions related to the project work, not interfering with the participant’s individual performance and responsibility for the project work.

(4) The final topic of the project work and the assignment of respective tasks to the participants shall be determined by the examiner. The participants shall be granted the chance to put forward suggestions for a topic and task assignment. However, no legal right arises thereof. The topic for the project work must be determined by the examiner in such a way that it is possible to complete it within the preparation period.

(5) The preparation period for the project work shall be either 9 or 10 months; the exact preparation period is determined in the program guidelines. This period starts with the final approval of the topic. § 14 section 3 does not apply to the preparation period of the project work. The examiner shall inform the Program Management about the beginning of the preparation period and the approved project work topics.

(6) The topic of the project work may be declined by the group in their own responsibility once and only within the first three months of the preparation period. If the topic is declined in due time, the group shall be assigned an alternative topic by the examiner; sentence 4 applies to the alternative topic and the task assignments accordingly. The preparation period shall not be interrupted due to the change of topic; an extension of the preparation period is not possible.

(7) The project work shall be submitted to the Program Management in due time in hard-copies as well as in a digital form. If the project work is not submitted in due time, it will be graded “failed” (5.0) for all group members.

(8) The supervisor appointed by the examiner prepares an evaluation of the submitted project work in which she/he proposes a grade for the written assignment for each participant. After reviewing the evaluation, the examiner determines a grade for each participant for her/his written assignment in accordance with § 16 section 2.

(9) The colloquium shall be carried out after the project work has been evaluated. Each participant whose project work is graded at least “fair” (4.0) shall take part in the oral examination in
form of the colloquium. 3Those who do not meet these requirements cannot participate in the colloquium and, as a result, fail the examination “Strategic Project”.

(10) 1For supervising the colloquium, the Joint Examination Committee appoints a four- to five-member examination commission. 2Among its members, there shall be the examiner of the project as its chair, the Academic Director of the external examination and two or three further members who possess at least a master’s degree or an equivalent degree of a higher education institution or are state-certified in the subject of the respective examination. 3The Joint Examination Committee may allow other persons having a legitimate interest to be present at the colloquium, however, these do not have the right to advise or assess.

(11) 1The chair is heading the colloquium and shall enforce a proper method for assessing the participants. 2All other members of the examination commission are allowed to actively participate in the colloquium.

(12) 1In accordance with section 9 sentence 2, the participants shall be assessed jointly. 2For each participant, the colloquium consists of a presentation and a Q&A session. 3The structure of the colloquium shall provide assessment time of 10 minutes for each participant.

(13) 1The examination commission shall grade the performance of the individual participant in accordance with § 16 section 2. 2If there is a discrepancy in the examiners’ opinions, the chair has the deciding vote.

(14) 1Following the colloquium, the examiner of the project work shall determine the final grade of the examination “Strategic Project” for each participant according to § 16 section 4. 2The grading is based on the individual assessments of both the project work and the colloquium. 3The final grade is composed of the project work (60% of the final grade) and of the colloquium (40% of the final grade).

§ 16 Assessment of examinations; calculation of grades; assessment of the External Examination within the Examination Program “Executive Master of Business Administration” (final grade)

(1) The grades for individual examinations are determined by the respective examiner.

(2) 1For the grading of individual examinations the following numerical values (numerical grades) are to be assigned: 1.0; 2.0; 3.0; 4.0; 5.0. 2Grades may be differentiated by adding or subtracting 0.3. 3The grades 0.7, 4.3, 4.7 and 5.3 shall not be assigned. 4The numerical grades correspond to the following grades in wording:

- 1.0 up to and including 1.3 = very good ("sehr gut") = an outstanding performance;
- 1.7 up to and including 2.3 = good ("gut") = a performance, which exceeds the average requirements considerably;
- 2.7 up to and including 3.3 = satisfactory ("befriedigend") = a performance, which conforms the average requirements;
- 3.7 up to and including 4.0 = fair ("ausreichend") = a performance, which suffices the requirements, despite its deficiencies;
- 5.0 = failed ("nicht ausreichend") = a performance, which does not suffice the requirements anymore, due to substantial deficiencies.
(3) If an examination comprises only one assignment, the overall examination grade equals the grade of this assignment.

(4) If an examination comprises several assignments, the overall numerical examination grade equals the weighted mean calculated using the grades of the individual assignments. For all examinations except the “Strategic Project” the examiner determines the weighting of individual assignments for the calculation of the numerical examination grade, and provides details of this on the e-learning platform. The weighted mean according to sentences 1 and 2 is calculated to one decimal place; all further decimal places are excluded without rounding. The examination grade according to the weighted mean are in wording:

- up to and including 1.5 “very good” ("sehr gut"),
- from 1.6 up to and including 2.5 “good” ("gut"),
- from 2.6 up to and including 3.5 “satisfactory” ("befriedigend"),
- from 3.6 up to and including 4.0 “fair” ("ausreichend").

If the mean calculated in accordance with sentences 1 to 3 equals 4.1 or worse, the grade 5.0 “failed” is awarded.

(5) The numerical final grade is calculated as the mean of all numerical examination grades weighted according to the ECTS credits in accordance with section 4 sentence 3 and 4.

**§ 17 Passing examinations; obtaining ECTS Credits**

(1) An examination comprising only one assignment is passed if the grade 4.0 (“fair”) or better is awarded.

(2) An examination comprising several assignments is passed if the examination grade calculated in accordance with § 16 section 4 equals 4.0 (“fair”) or better.

(3) The examination must be passed for ECTS credits to be awarded.

**§ 18 Failing and retaking examinations; failing the final examination attempt**

(1) An examination comprising only one assignment is not passed if the assignment is graded 5.0 (“failed”). If an examination consists of several assignments, it is considered 5.0 (“failed”) if the overall examination grade calculated in line with § 16 section 4 is 5.0 (“failed”).

(2) Failed examinations may generally be retaken once.

(2a) If the participant does not pass the initial examination attempt of an examination in the area “Electives”, she/he can autonomously submit a request to switch to an alternative examination offered in this area (substitute examination), in writing, to the Program Management. The request has to be submitted promptly, two weeks after the announcement of the (unsatisfactory) examination grade at the latest. A timely request shall be granted if the substitute examination, provided it is an examination taking place during the regular course of the external examination, can be successfully completed within the maximal period according to § 4 section 3. If a request according to sentence 1 is granted, the examination procedures from which the participant switches are ended by this grant and the participant’s mandatory registration to the next examination appointment of the substitute examination, which is considered a retake attempt, is put into effect.
When retaking an examination consisting of several assignments, the examination in general has to be retaken.

If the participant fails an examination in the area “Electives” definitively, she/he can register for the first attempt at an alternative examination in the area on her/his own responsibility; registrations for examinations from which the participant has previously changed in accordance with paragraph 2a are excluded. In addition to the other requirements, admission can only be granted if the alternative examination can still be successfully completed within the maximum duration of the external examination in an assumed regular program progression.

If an examination in the areas "Core courses" and "Final Project" is failed definitively, the Joint Examination Committee issues a notice declaring the definitive examination failure; the right to be examined is lost in accordance with § 32 paragraph 5 sentence 3 alternative 1 LHG. If at least four of the seven available examinations in the area "Electives" are definitively failed, the Joint Examination Committee issues a notice declaring the definitive examination failure; the right to be examined is lost in accordance with § 32 paragraph 5 sentence 3 alternative 1 LHG.

It is not possible to retake an examination that has already been passed.

§ 19 Breaches of procedure

The Joint Examination Committee may remedy disturbances of the examination procedure or other breaches of procedure by virtue of office or upon request from a participant by deciding on appropriate measures or orders. In particular, the Joint Examination Committee may order that examinations shall be retaken by all or by individual participants or, in case the principle of equal opportunities was violated, grant an extension or impose another appropriate measure of compensation.

Disturbances of the examination procedure during the examination shall be reported immediately by the affected participant to

1. the supervisor in case of a written examination and
2. the main examiner in case of an oral examination.

Any other kinds of breaches of procedure are to be reported by the affected participant as soon as the participant acknowledges one. The reports according to sentences 1 and 2 shall be entered into the examination minutes. If the disturbances of the examination procedure or any other kind of breaches of procedure relevant to the evaluation of the respective examination are not reported in due time, they are deemed insignificant.

If the Joint Examination Committee did not take measures of compensation in accordance with section 1 for a disturbance that occurred during an examination and was reported without delay or for other breaches of procedure, or those measures were inadequate, the participant shall address her/his request for the necessary measures of compensation to the Joint Examination Committee in writing immediately after the examination; if the examination consisted of several parts, the request shall be made immediately after the relevant part of the examination. The request shall not contain any conditions. If the disturbances of the examination procedure or any other kind of breaches of procedure relevant to the evaluation of the respective examination are not reported in due time, they are deemed insignificant.

§ 20 Access to examination records

Provided that the examination papers have not been returned to the respective participant, she/he shall be granted access to her/his written examinations upon written request submitted within an
appropriate period of time; this includes the written examination, the respective evaluation(s) of the examiner(s) and the minutes of each examination.

(2) The request has to be submitted to the Program Management within one year of having received the result of the respective examination. It is them who decide on the time and place for accessing the examination records.

§ 21 Compensation of disadvantages

(1) If participants as a result of a special condition or situation cannot take the respective examination, in particular due to the form of examination, they can request a compensation of disadvantages. Participants are obliged to submit the request for compensation of disadvantages in due time and in writing. In coordination with the respective examiners, the Joint Examination Committee grants the appropriate compensation of disadvantages in order to adhere to the principle of equal opportunities. Disabled participants or participants with a chronic illness shall submit their request for compensation of disadvantages to the Commissioner and Counselor for disabled students and students with chronic illnesses. The Joint Examination Committee is obliged to take the recommendation of the Commissioner and Counselor for disabled students and students with chronic illnesses into account in their decision making process.

(2) This applies in particular to participants

1. with children, or
2. with a relative in need of care within the meaning of § 7 section 3 of the Caregiver Leave Act (PflegeZG), or
3. with a disability, or
4. with a chronic illness

if the situation resulting from the aforementioned special conditions requires a compensation for participating in the examination. The same applies to participants who are eligible for periods of protection in accordance with the respective § 3 sections 1 and 2 of the Maternity Protection Act (MuSchG).

(3) A request in accordance with section 1 shall be submitted at the latest at the beginning of the respective course within the preparatory program of the external examination “EMBA”. If the request is not made in due time in accordance with sentence 1, the exception shall only be granted if additional requirements according to § 32 of the Administrative Procedure Act of Baden-Württemberg (LVwVfG) are met. If participants fail to submit the request for compensation of disadvantages in due time in accordance with sentences 1 or 2, the special circumstances will not be considered for the evaluation of the respective coursework or examination. The possibility to withdraw or de-register from an examination with a valid reason remains in effect.

(4) It is the responsibility of each participant to provide sufficient evidence of her/his special circumstances upon filing the request for compensation of disadvantages. If there are significant changes to the special circumstances of the participant before or during the claim for compensation of disadvantages, particularly any changes that would result in a lapse of entitlement, the participant is obliged to inform the examination committee without delay and in writing.
§ 22 Extending the maximal period for completing the External Examination in the
Examination Program “Executive Master of Business Administration”

(1) The maximum period may be extended by the Joint Examination Committee upon written
request from a participant, which is submitted in due time, if the respective participant is in a need of
extension due to special conditions for which she/he is not responsible.

(2) 1In particular, this applies to participants
   1. with children, or
   2. with a relative in need of care within the meaning of section 7 subsection 3 of the
      PflegeZG, or
   3. with a disability, or
   4. with a chronic illness
if the situation resulting from the aforementioned special conditions requires an extension of the
examination deadlines. 2The same applies to the participants who are eligible for periods of protection
in accordance with the respective § 3 sections 1 and 2 of the MuSchG.

(3) 1A request in accordance with subsection 1 shall be promptly submitted to the Program
      Management as soon as the participant is aware of the circumstances demanding an extension of the
      examination deadlines. 2If the request is not submitted in due time in accordance with sentence 1, the
      extension shall only be granted if additional requirements according to section 32 of the LVwVfG are
      met.

(4) 1The participant requesting an extension is responsible for producing adequate evidence. 2If
      there are significant changes to the personal situation of the participant, particularly any changes that
      would result in a lapse of entitlement to the extension, the participant is obliged to inform the Joint
      Examination Committee without delay.

(5) The extension of the maximum period to complete the External Examination shall not exceed 12
    months, except there are other legal regulations to apply.

(6) 1The extension of examination deadlines, the preparation period and submission deadlines for
      assignments are not covered by the sections listed above. 2The option of requesting compensation of
      disadvantages in accordance with § 21 remains unaffected.

§ 23 Withdrawal and absence

(1) 1The relevant reasons for withdrawal or absence, and the respective evidence, must be submitted
      in writing to the Program Management immediately; it is the Joint Examination Committee who shall
      take the decision. 2If an examination comprises several assignments, a request as defined in sentence 1
      can only be submitted for the examination as a whole. 3By way of derogation from sentence 2, a request
      as defined in sentence 1 may be submitted separately for the colloquium within the examination
      “Strategic Project” if the project work has already been passed; if the request is approved, the participant
      is allowed to continue with the examination by way of derogation from section 2 sentence 1 on the next
      possible examination date.

(2) 1If a withdrawal is approved, the examination shall be deemed not taken and it will be mandatory
      for the participant to register for the next possible examination date. 2The examination in question is
      graded 5.0 (“failed”) if the request is rejected. 3Sentence 2 applies accordingly if a written component
      is not submitted by the participant in due time or if the participant fails to appear to an oral examination.
(3) If the participant withdraws or is absent due to an illness, a medical certificate needs to be submitted including the description of medical findings and confirmation why the participant is not able to take the examination.

(4) 1It shall not be possible to assert a valid reason if the participant took an examination whilst being aware of an illness or on the basis of negligent lack of knowledge of an illness. 2In particular, the criteria for a negligent lack of knowledge are met if symptoms of health problems were not taken care of as soon as possible.

(5) A withdrawal is ruled out if the examination result has been published, unless valid evidence could not be provided earlier by the participant due to reasons beyond her/his control.

§ 24 Cheating and other misconduct

(1) 1If the participant manipulates or tries to manipulate her/his examination by cheating or using unauthorized resources or by influencing the examiner or supervisor in favor of herself/himself or a third person, the respective examination or further examinations may be graded "failed" (5.0) or the participant may be excluded from the examination depending on the severity of violation. 2In especially severe cases, the participant shall be excluded without the option to retake the examination. 3According to sentence 1, it is also considered cheating if an assignment or exam contain quotations or references from the works of others, in a written or electronic form, which have not been indicated as such by the participant.

(2) 1A participant who violates the examination regulations severely, in particular if she/he disturbs the proper course of an examination, may be excluded from the examination by the examiner or the supervisor. 2In such cases, the relevant assignment or examination is graded “failed” (5.0). 3In severe cases, the Joint Examination Committee may exclude the participant from taking any further examinations.

§ 25 Invalidity of the External Examination in the Examination Program “Executive Master of Business Administration “

(1) 1In case the participant has manipulated an examination by cheating and this fact is revealed after the participant has received her/his transcript of records, the Joint Examination Committee may revise the result or the respective grade retroactively and declare the examination as failed. 2If the completion of the external examination is affected by this, the Joint Examination Committee may revoke the respective ECTS credits and, if necessary, declare the external examination as “failed with no option to re-sit”.

(2) 1If the requirements to be admitted to the examination were not met without the participant's intent to disguise this fact and if this fact is revealed after the participant has received her/his transcript of records, this defect is remedied by having passed the examination. 2If the participant attained her/his admission illegitimately on purpose, the Joint Examination Committee may declare the examination and consequently the degree completion for "failed with no option to re-sit”.

(3) The participant in question shall be granted the chance to comment on the issue prior to the decision of the Joint Examination Committee.

(4) 1Inaccurate transcript of records s shall be retracted. 2Where applicable, new transcript of records s shall be issued. 3Along with the inaccurate transcript of records s, the respective diploma shall be
retracted if the external examination has been declared “failed with no option to re-sit”; decisions according to section 1 or 2 sentence 2 can only be taken within five years from the issuance date.

(5) The revocation of the degree complies with the legal rules and regulations.

IV. Final provisions

§ 26 Commencement

These Regulations and Procedures will come into effect on the day after their publication in the Bulletin of the President's Office (Amtliche Bekanntmachungen des Rektorats (BekR)).

Approved and issued:
Mannheim, ..........................................................

Prof. Dr. Ernst-Ludwig von Thadden
President
V. **Appendix: Examination structure and examinations of the External Examination in the Examination Program “Executive Master of Business Administration”**

(1) In the subject areas 1 to 3 the external examination consists of 21 examinations corresponding to 1-5 ECTS credits respectively. Apart from the fundamental compulsory examinations in business administration in the subject area “Core Courses”, two examinations shall be completed in the subject area “Study Trips” and four further examinations in the subject area “Electives”. The examinations in the subject area “Electives” are predominantly part of the following topics: “Strategy and Finance”, “Innovation and Marketing”, “IT and Digitalization”, and “Other”. The list of examinations being offered within the subject area “Electives” depends on the demand as well as on the availability of examiners; in total, the participant shall pass four examinations in this subject area. If more than four examinations can be offered according to sentence 4, the participants may choose among these and shall inform the Program Management about their choice in due time before the examination date.

(2) In the subject area “Final Project”, the examination “Strategic Project” corresponds to 18 ECTS credits.
